

A young girl with pink beaded braids is wearing a dark graduation cap and gown. She is looking slightly to the side with a thoughtful expression. The background is a light blue gradient.

Charter Schools Change Lives ...

... By Making

Dreams
Come True

The rapid growth of charter schools in Ohio has presented a wealth of opportunities for families seeking quality educational alternatives for their children. As more charter schools enter the educational marketplace the need to effectively communicate unique capabilities will become vital to generate awareness and attract and retain students. From student recruitment and marketing to curriculum services and efficient data reporting, Ohio Charter Partners steers charter school success by enhancing the overall value provided to students, families and the community.

Ohio Charter Partners:

Ohio Charter Partners (OCP) is a comprehensive charter school consulting service providing advisory services that support every facet of the charter school operation. From marketing and communications programs that equip schools with the tools needed to create broad based awareness and establish overall value, to proven student recruitment and retention strategies, OCP has you covered.

OCP is dedicated to providing customer-centered services by tailoring individualized educational strategies that empower students, teachers and school administrators to succeed.

**Win the Competition for Students.
